CITY ADMINISTRATOR

Storm Water Management Program Plan

Permittee: North Logan City, Utah

Permit Number: UTR 090032

Location of MS4: North Logan City, Cache County, Utah

Submitted with this permit is the following:

An Executive Summary including information regarding the overall quality concerns and priorities of the municipality with regard to storm water management and a description and map of the MS4 location.
A description of the program elements that will be implemented in each of the six minimum control measures.
A list of measureable goals specific to North Logan City that were considered in the development of the revised SWMP document
A description of any modifications to ordinances or long-term/ongoing processes implemented in accordance with the previous MS4 general permit for each of the six minimum control measures
A description of how the municipality intends to meet the requirements of the Permit as described in Part 4.0 by either referencing existing program areas that already meet the Permit requirements or a description and relevant measurable goals that include, as appropriate, the year by which the Permittee will achieve required actions, including interim milestones.

Certification

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations"
