MAYOR'S MESSAGE:

In considering what to write for the July city newsletter, my thoughts go to the importance of the July 4th Independence Day holiday and the freedoms that we as Americans have fought for. I am thankful for those who are willing to serve our country. My father served in the Korean War, my brother served in the Army and I have two nephews who have served several tours of duty in Iraq and Afghanistan. I do not take for granted the service given and lives lost in protecting the freedoms we enjoy every day as Americans.

This month also brings to my mind the importance of the July 24th Pioneer Day celebration. I am thankful for our religious freedoms we enjoy in this country and for the pioneers who settled in Cache Valley so many years ago. I have ancestors that came across the plains for their religious freedom and to establish a new home in this beautiful valley. I am a member of the Utah Daughters of the Pioneers organization, and am grateful for the sacrifice my ancestors, and others, made for me and those of us who live in this area.

I grew up in North Logan and have always enjoyed the activities on the July 24th Pioneer Day celebration. From Glen Israelsen driving the city early in the morning with a loud speaker on his truck to tell everyone to get up and go to the city breakfast, to decorating my bike to be in the parade along with being involved in all of the activities at the park. This year we still have some of the same great July 24th traditions such as the pancake breakfast, the NL Parade, games and entertainment at Mt. View Park and the North Logan History displays. Later at Elk Ridge Park we will have dinner, entertainment, movie and fireworks.

I enjoy summer in Cache Valley and especially the community activities we enjoy surrounding our celebrations in July. I hope that you will enjoy the July 4th holiday as well as attend the many activities in North Logan on the 24th of July and have a great month with your family. I am grateful for the opportunity to serve as your city council representative. I hope to see you at the North Logan City July 24th Pioneer Day Celebration.

Nancy Potter, North Logan City Council

NORTH LOGAN CITY 2013 ELECTION NOTICE

Notice is hereby given that the following individuals are registered candidates for the 2013 North Logan City Municipal General Election to be held on November 5, 2013.

In accordance with Utah Code Annotated 20A-6-305 (Master ballot position list), the candidates will appear on the Municipal General Election ballot as follows:

MAYOR (4 Year Term – 1 Seat)

•Chris Nelson (chris.nelson@northlogancity.org) •Lloyd Berentzen (lberentzen@northlogancity.org)

CITY COUNCIL (4 Year Term – 2 Seats)

•Bradley Crookston (brad.crookston@northlogancity.org) •Nancy H. Potter (npotter@northlogancity.org)
•Russell L. Goodwin (russell.goodwin@northlogancity.org) •John Bailey (jbailey@northlogancity.org)

Scott Bennett, City Recorder

What's Happening in City Council?

The only City Council meeting for the month of July will be on the third Wednesday, July 17th. Notice that the council will not be meeting on what would have been their regular, first Wednesday - July 3rd because of the Fourth of July celebrations that evening. The City Council meetings start at 6:30 pm and are held in the meeting room at the North Logan Library.

During the July 17th meeting the council might be working on a variety of draft ordinances including regulating businesses that specialize in products for adults such as tobacco shops and tattoo parlors, an ordinance clarifying how parking violations are to be handled, an ordinance on noxious weed nuisances, and an ordinance on how donations may be made to the city, especially donations of land. An ordinance addressing the Density Bonus options for subdivisions may also be considered specifically addressing what improvements would be required for "parks" in such subdivisions. All of these potential ordinances are still in the concept stage and may or may not be ready for discussion by the council.

Look for the official council agendas as they are posted at the city office and on the State of Utah Public Notice Website at <http://www.utah.gov/pmn/index.html>. The Herald Journal is given a copy of the official agenda as well and they normally print it in the newspaper a day or two before the meeting.

LIBRARY NEWS

We are having so much fun "Digging into Reading" this year! Our Summer Reading Kick-off Party was the biggest **EVER**, and we loved seeing so many of you there!!! If you haven't signed up for the Summer Reading Program yet, come on over--we are giving away great prizes each week and have awesome events planned for kids, teens, and adults!

For Kids:

Every Tuesday we have Toddler Story Time at 10:10 am and Story Time at 11:00 am, followed by our "Movie Tuesdays" with free popcorn at 2:00 pm.

Wednesday, July 31st, 4:30 pm: "Make a Splash" Teens Water Party

For Adults:

Thursday, July 11th, 9:00am: Adult Book Group, discussing "Learning To Fall"

Thursday, July 18th, 6:00pm: Pioneers in your Attic!

Be sure to "**Like**" us on Facebook for updates about all the great things going on at the library!

Take Care when Taking Care of the Pesky Pests

Home owners in North Logan can help reduce contamination in our storm water systems through proper pesticide storage and application techniques. In most of our city, the storm water collection systems include our canals which eventually empty into the Bear River. Pesticides in storm water runoff directly affect the health of aquatic organisms. Their presence in drinking water also threatens human health. Insecticides, such as diazinon and chlorpyrifos, are of greatest concern because even at low levels they can harm aquatic organisms. A recent U.S. Geological Survey of urban streams found that some of the more commonly used household and garden insecticides occurred at higher frequencies and concentrations in urban streams than in agricultural streams (USGS, 1999). The study also found that insecticide concentrations frequently exceeded USEPA guidelines for protecting aquatic life.

Homeowners applying insect and weed killer to their lawns and gardens are the biggest source of pesticides contaminating urban streams (which in our case would be the canals). Every year, they apply an average of 5 to 7 pounds of pesticides to their well-maintained lawns (Schueler, 1995). Pesticide pollution prevention plans try to limit the adverse effects of insecticides and herbicides. There are many ways to get information on chemical-free alternative pest control techniques and to learn how to determine appropriate pesticide dosages. Contact your local supplier or garden center for more information.

Pioneer Day Celebrations - Wednesday, July 24th
